1. Purpose

It is the intent of Virginia Polytechnic Institute and State University to provide a safe and secure environment for university employees, students, and visitors by establishing preventative measures, holding perpetrators accountable, and providing assistance and support to victims. This policy specifically addresses the university's position on the prevention, reduction, and management of violence to provide a safe working and learning environment for our students, employees, and visitors at all university owned, controlled, or leased properties, including satellite locations. In implementing this policy, the university is guided by the Commonwealth of Virginia's Policy 1.80 Workplace Violence and Policy 2.30 Workplace Harassment.

The conduct of students is covered, in depth, by the [*University Policies for Student Life*](#). The Division of Student Affairs, Office of Judicial Affairs is responsible for the implementation of the UPSL. Nothing in this policy amends the University Policies for Student Life.

2. Policy

Virginia Tech does not tolerate acts of violence or hostility committed by or against employees, students, contractual workers, temporary employment agency workers, volunteers, visitors, or other third parties on university owned, controlled, or leased properties, or while conducting university business at any location, including representing the university at conferences or off-site meetings, or riding in university owned or leased vehicles.

This policy applies to the personal conduct of an employee while functioning in the course and scope of employment, whether on or off-campus, and to any off-duty violent conduct that adversely impacts a university employee's ability to perform his or her assigned duties and responsibilities. The personal conduct of students involving violations occurring off university property will be addressed under University Policies for Student Life if university officials decide that university interests are involved. Student employees, including graduate students with assistantships, may also be covered under relevant employee policies.

It is intended that all useful management strategies be employed to identify and prevent incidents of workplace and campus violence, reduce the effects of violence on victims, and provide consequences to those who threaten or perpetrate violence. University managers, employees, and students are responsible for reporting indications of possible hostile behavior, and must not be subjected to any acts of retaliation for reporting concerns. The university will use available resources such as the [Employees Assistance Program](#), law enforcement offices, the university's Women's Center, relevant offices within the Division of Student Affairs, and applicable human resources and student programs and policies in responding to alleged acts of violence.

2.1 Prohibited Conduct and Sanctions

Violence includes, but is not limited to, intimidation, threats, physical attack, domestic and dating violence, stalking, or property damage, and includes acts of violence committed by or against university employees, students, contractual workers, temporary employment agency workers, customers, relatives, acquaintances, or other third parties on university facilities.

Prohibited conduct includes, but is not limited to, intentionally:

- Injuring another person physically;
- Engaging in verbal or physical behavior that creates a reasonable fear of injury to an identifiable person;
- Engaging in verbal or physical behavior that subjects an identifiable individual to extreme emotional distress;
- Engaging in threatening or violent behavior based on race, ethnicity, gender, sexual orientation, or other protected status;
- Defacing or damaging property;
- Threatening to injure an individual or to damage property;
- Committing injurious or threatening acts related to sexual assault, stalking, dating or domestic violence or sexual harassment;
- Brandishing a weapon or firearm; and
- Retaliating against any individual who, in good faith, reports a violation of this policy.

Verbal behavior also includes use of any method of communication such as email, comments posted on websites, or other paper or electronic media.

A violation of this policy shall be considered unacceptable conduct and subject to the disciplinary actions under the appropriate faculty, staff, and student policies, up to and including dismissal.

- University staff and classified employees are subject to disciplinary action as outlined in the *Commonwealth of Virginia Standards of Conduct and Performance Policy 1.60*.
- University faculty members are subject to disciplinary review as outlined in the [Faculty Handbook](#) or [Research Faculty Handbook](#).
- Hourly and wage employees, including adjunct faculty, are "at will" employees and may be disciplined or dismissed.
- Undergraduate and graduate students are subject to disciplinary actions as outlined in the [University Policies for Student Life](#).

Individuals who violate this policy may also be subject to arrest for trespass and/or violation of the appropriate state criminal statute, and/or may be barred from campus.

For employees, an act of off-duty violent conduct may be grounds for disciplinary action, up to and including dismissal per applicable personnel policies.

2.2 Prohibition of Weapons

The university's employees, students, and volunteers, or any visitor or other third party attending a sporting, entertainment, or educational event, or visiting an academic or administrative office building, dining facility, or residence hall, are further prohibited from carrying, maintaining, or storing a firearm or weapon on any university facility, even if the owner has a valid permit, when it is not required by the individual's job, or in accordance with the relevant University Policies for Student Life.

Any such individual who is reported or discovered to possess a firearm or weapon on university property will be asked to remove it immediately. Failure to comply may result in a student judicial referral and/or arrest, or an employee disciplinary action and/or arrest.

2.3 Authorized Exceptions to Prohibition on Possession of Firearms or Weapons

An employee may possess a firearm or weapon if it is:

- Used by an employee who is a certified law enforcement officer employed by the Virginia Tech Police Department;
- Required as a part of the employee's job duties with the Commonwealth of Virginia; or
- Connected with training received by the employee in order to perform the responsibilities of their job with the university.

Employees and students may possess and use appropriate tools, such as saws, knives, and other such implements, necessary for the performance of their job duties or school work, or for student recreational purposes approved under University Policies for Student Life. Certain agricultural workers have been authorized to use firearms, and hunting on university property may be authorized by the appropriate university officials. Some employees reside in university-owned houses and are permitted to keep personal firearms on these premises; however, this exception does not extend to employees living in university residence halls.

As stated in The University Policies for Student Life, students may not possess, use, or store firearms or weapons on university property; however, firearms and other weapons may be stored with the Virginia Tech Police Department to be checked out for use off-campus. Organizational weapons of the Virginia Tech Corps of Cadets, approved by the Commandant, are not prohibited by this policy.

Other exceptions must be approved by the Vice President for Administrative Services, in consultation with appropriate university offices.

2.4 Prevention, Risk Assessment, and Response

As part of a larger and institution-wide commitment to a safe campus and workplace environment, the university is committed to the development of preventative measures, including a campus and workplace violence prevention and risk assessment committee, security planning for at-risk individuals, pre-employment screening, and general programs to increase employee and student awareness.

The Vice President for Administrative Services will chair a campus-wide Workplace Violence Prevention and Risk Assessment Committee, which will be appointed by the President, and will be responsible for:

- Conducting an annual review to identify potential or existing risks, including gathering and analyzing reports and data to identify high-risk departments, activities, or locations;
- Recommending and implementing employee and student awareness and training programs on campus and workplace violence;

- Implementing plans and protocols for responding to credible threats and acts of violence (crisis management plan);
- Reviewing and developing threat assessment and response policies and procedures;
- Reviewing periodic summary reports from Student Affairs, Campus Police, Human Resources, and other offices;
- Communicating internally with employees and students; and
- Evaluating the effectiveness of the university's workplace/campus violence prevention programs.

2.4.1 Threat Assessment Team

The President will appoint a Threat Assessment Team and its chair. The team will include representatives from the Virginia Tech Police Department, Academic Affairs, Student Affairs, and Human Resources, and a clinical psychologist from the University's Counseling Center. Legal Counsel will serve as an advisor to the Threat Assessment Team. The team is charged with developing comprehensive fact-based assessments of students, employees, or other individuals who may present a threat to the university, and is empowered to take timely and appropriate action, consistent with university policy and applicable law.

2.5 Identifying and Reporting Risks

All individuals are encouraged to be alert to the possibility of violence on the part of employees, former employees, students, customers, and strangers. Employees and students shall place safety as their highest concern, and shall report all acts of violence and threats of violence. All reports of violence will be handled in a confidential manner, with information released only on a need-to-know basis within the campus community and in accordance with federal and state laws and regulations. Management shall be sensitive and responsive to the potential for fear of reprisal by employees or students who report threats or acts of violence. This policy prohibits retaliation against any person who, in good faith, reports a violation of this policy. Every effort will be made to protect the safety and anonymity of anyone who comes forward with concerns about a threat or act of violence.

2.6 Responsibilities

It is the responsibility of every administrator, faculty member, staff member, and student to take any threat or violent act seriously and to report acts of violence or threats to the appropriate authorities as set forth in this policy.

Department heads, directors, and supervisors are also responsible for communicating the policy to all employees under their supervision, ensuring that facilities are as safe as feasible, identifying and providing violence prevention training to employees as appropriate, and ensuring that all employees are aware of how to report potential threats.

The Virginia Tech Police Department will coordinate all university action in case of a violent incident on campus or in the work place, establish and publish procedures for campus and workplace violence prevention and threat assessment, and investigate threats or incidents of violence. Only the Virginia Tech Police or other law enforcement agencies should attempt to apprehend the alleged offender.

Human Resources will coordinate employee-related preventive measures, including conducting criminal conviction checks in accordance with university policy, providing awareness programs to new employees, coordinating referrals to the employee assistance program, advising employees and managers, making referrals to the Threat Assessment Team and providing case management, and coordinating with other university and community resources to support victims of violence.

Student Affairs will coordinate student-related preventive measures including training for professionals, student employees (e.g. Residence Advisors), and students through the on-call process and through other education and training methods. The Office of Judicial Affairs is responsible for responding to and adjudicating violations of the

University Policies for Student Life. Student Affairs will maintain the Care Team, the goal of which is to coordinate support services and administrative response to crises involving students, make referrals to the Threat Assessment team, and provide case management.

The Office of Emergency Management (OEM) will develop and coordinate the university's emergency response plan, advise departments on the development of unit plans, provide templates to support the development of departmental plans, and coordinate emergency preparedness training for university administrators and departments in partnership with Student Affairs, University Relations, Virginia Tech Police, Environmental Health and Safety, Human Resources, and other offices. OEM will develop a plan for awareness and training programs for employees and students.

The VT Women's Center will respond to requests for assistance from staff, student, and faculty victims of violence, or threats of violence, by providing counseling, advocacy, safety planning, and other support as needed to victims of sexual assault, rape, dating or domestic violence, or other forms of campus or workplace violence. The Center will coordinate services with on- and off-campus partners such as the VT Police Department and other law enforcement agencies, the court system, the on-campus judicial process, medical and hospital services, and shelter services.

Victims may also need special accommodations or adjustments to their work or class schedule, location or working conditions in order to enhance their safety. The university shall accommodate these requests and needs whenever possible and appropriate.

3.3 Security Planning for Potentially At-Risk Employees and Students

Some employees can be at risk for violence/hostility because of the nature of their jobs. Other employees or students can be at risk because they are subject to violence, threats, or harassment from a current or former spouse or partner, or other non-employee. The Virginia Tech Police Department, Human Resources, the Women's Center,

and other offices will work with at-risk students and employees, and their supervisors, to develop safety plans that address the specific risks they face.

3.4 Pre-employment Screening and Criminal Conviction Checks
