6. Approval and Revisions	2

1. Purpose

This policy provides guidelines and procedures addressing textbook sales by the Virginia Tech Bookstores. The policy addresses action by the General Assembly of Virginia, Section 23-4.3.1 Code of Virginia.

2. Policy

While the adoption of course textbooks is a function of the individual faculty and his or her department, certain University standards must be met. In order to provide the orderly and cost-effective adoption of various course books and materials, the following are enacted:

1. Selection of textbooks and other materials for adoption shall be made available to the Bookstore no later than April 15, for materials and books required for any fall semester class. For the spring semester of any year, the deadline shall be October 15 of the year immediately preceding the spring semester.
2. In the textbook adoption process, the intent to use all items ordered, particularly each individual item sold as a part of a bundled package, shall be affirmatively confirmed by the faculty member. In the event that the faculty member does not intend to use each item in the bundled package, such faculty member shall notify the Bookstore so that the most cost-effective procurement for the University and the student can be utilized.
3. The faculty member shall affirmatively acknowledge the Bookstore’s quoted retail price of textbooks selected for use in each course.
4. Faculty members are encouraged to limit their use of new edition textbooks when previous editions do not significantly differ in a substantive way, as may be determined by the appropriate faculty member.
5. Financial aid calculations shall continue to include a component for textbook costs. Students who are not receiving financial aid through the Office of University Scholarships and Financial Aid and who represent that they cannot afford textbook costs shall be referred to the Office of University Scholarships and Financial Aid for assistance. Before adoption of a particular textbook, the respective department adopting such book shall determine that a copy of the textbook is on reserve in the University Library during any period that the textbook is to be used.

3. Procedures

The Virginia Tech Bookstores, operated by Virginia Tech Services, Inc., an auxiliary service of the University, provide the functions to be in compliance with the revised textbook sales law. Virginia Tech Services, Inc. will compile, publish, keep and maintain the requisite information required on the appropriate University website.

The Office of University Scholarships and Financial Aid determines annually a cost of attendance figure used in the calculation of financial need. Included in that calculation is an average textbook cost. Students who qualify for and receive financial aid may receive funding to purchase textbooks. For students who do not qualify for or seek financial aid, a short-term loan fund is available against which the student can borrow to purchase textbooks.

4. Definitions

Textbooks are defined as published materials in print which are approved by the faculty for use in University courses.

Virginia Tech Services, Inc.: an auxiliary service of Virginia Polytechnic Institute and State University

Virginia Tech Bookstores are owned and operated by Virginia Tech Services, Inc.
