- 4.0 Definitions
- 5.0 References
- 6.0 Approval and Revisions

### 1.0 Purpose

In order to fully serve the needs of student organizations affiliated with the university; to ensure that the intent of earlier university actions to release smaller student organizations and interest groups from unnecessary administrative intrusion; and, to provide more clarity as to the relationships of the various types of student organizations affiliated with the university, this policy supersedes the former Policy 8000, "Registration of Student Organizations." Policy 8010 provides for more comprehensive definitions of student organizations while supporting the fundamental assertion of Policy 8000 that student organizations should not be hindered in their co-curricular missions by university administrative processes.

### 2.0 Policy

Officially listed organizations shall have the privilege to conduct activities on the campus of Virginia Tech in accordance with established policies and procedures. In order to be officially listed with the university as an active student organization, a student group must submit the appropriate documents to the Student Engagement and Campus Life (SECL) Department annually in accordance with established procedures. Officially listed student organizations will be classified in the following manner:

1. University Student Life Program (USLP)
2. University Chartered Student Organization (UCSO)
3. Registered Student Organization (RSO)
4. Extended Campus Student Organization (ECSO)

The SECL Department, in conjunction with Student Conduct, will administer conduct matters pertaining to student organizations in accordance with the university conduct system. The university reserves the right to withdraw recognition of a student organization due to violations of university policies as outlined in the [Student Code of Conduct](#). Organizations that seek to be registered as a student organization after losing recognition must be certified by Student Conduct that all required sanctions are complete. Additionally, when applicable, organizations must be certified by the Fraternity and Sorority Life Department to ensure that the governing council has reinstated the organization before university registration is granted. If the student organization is not certified by either department, the SECL Department will notify the organization president that their registration is denied. Further, any student organization that is no longer recognized or has lost recognition will not be considered a viable external entity to act as co-sponsor with a university sponsor as defined in Policy 5000, University Facilities Usage and Event Approval, section 2.1 (<http://www.policies.vt.edu/5000.pdf>).

### 3.0 Procedures

Procedures for the establishment and maintenance of each classification of student organizations are recommended by the Commission on Student Affairs in collaboration with the Division of Student Affairs and administered by the SECL Department.

### 4.0 Definitions

1. **Registered Student Organization (RSO):** a voluntary association of Virginia Tech students that has no direct relationship to the university but upon completion of registration documents is entitled to certain privileges to include operating, meeting, advertising, and participating in activities on the Virginia Tech campus. These organizations would be affiliated “at” Virginia Tech, such as Car Club at Virginia Tech. RSOs are eligible to apply for funding from the Student Budget Board.
2. **University Chartered Student Organization (UCSO):** A **University Chartered Student Organization (UCSO)** is an organization that has significant campus impact through providing resources and/or services that are best delivered by students in conjunction with their sponsoring campus department. This classification of organization must align with, and is integral to, departmental and university missions to create robust student experiences. The impact and resources must meet a recognized institutional and student need.
3. **University Student Life Program (USLP):** an organization comprised primarily or exclusively of students whose activities, operations, and decision making processes are directly governed by academic or administrative departments and for which the university is ultimately responsible. Examples of USLPs include Hokie Ambassadors and Club Sports. USLPs are eligible to apply for funding from the Student Budget Board. A **University Student Life Program (USLP)** is directly governed by academic or administrative departments and for which the university is ultimately responsible.
4. **Extended Campus Student Organization (ECSO):** a voluntary association of Virginia Tech students at an extended campus location as defined by the Registrar’s Office that has no direct relationship to the university but upon completion of registration documents with its extended campus center and receipt of those documents by the SECL Department is entitled, pursuant to policies established at its extended campus center, to certain privileges which may include operating, meeting, advertising, and participating in activities on its Virginia Tech extended campus. Examples of ECSOs vary from campus to campus.
